Urban Poverty in Ethiopia: The Economic and Social Adaptations of Women.

Addis Ababa: Addis Ababa University Press. ISBN:978-99944-52-10-1

From publisher's blurb: "...an essential source of information and analysis about the gendered nature of urban poverty in Ethiopia today. Based on neglected but critical data and providing new insights on various aspects of urban poverty, gender and HIV/AIDS, social networks and forms of resistance, the book's singular importance is its valuable contributions to our understanding of the dynamics of urban poverty and women's ingenuity in responding to overwhelming challenges facing the country. It is a must read both by researchers, policy makers and development practitioners."
